FROM CLASSICS TO CLINIC

SHAstra SE SEVA TAK: AYURVEDA IN ACTION, EVERY DAY

यस्य तु युक्तविधिना क्रिया शास्त्रज्ञानानुपूर्विका
स वै भवति रोगाणां विजेता न तु संशयः

"The Vaidya who administers treatment in accordance with the principles of Shastra, guided by proper knowledge and method, becomes the conqueror of diseases - without a doubt."

With this powerful shloka as our guiding light, we are delighted to invite you to a grand gathering dedicated to fulfilling every day-to-day need of Vaidyas. This is not just a theoretical discussion. This is a journey – from Shastra to Seva. From classical wisdom to its effective and practical implementation in daily clinical practice.

In A Mega Event for the Entire Ayurved Fraternity

"Students will sharpen their practical skills through hands-on workshops and research paper presentations. Vaidyas will benefit from immersive learning across plenary and parallel sessions led by experts. Researchers will have a robust platform to showcase innovative ideas and ongoing work before a large, engaged audience."

Pharmaceutical companies will have the opportunity to exhibit their products, engage in one-on-one business meetings, and connect with healthcare professionals and collaborators.

Organized by Ayurved Vyaspeeth, an institution with a proud legacy of hosting impactful gatherings for over 27 years.

We warmly welcome you to be a part of this enriching experience - to learn, grow and contribute. Come, be a part of the movement - **from Shastra to Seva.**

Over 27 Years of Dedicated Service in Ayurveda

Ayurved Vyaspeeth has been actively working for more than 27 years to promote, preserve, and advance the ancient science of Ayurveda.

Our Vision: "कृण्वन्तो विश्वं स्वस्थम्।"

Inspired by the Rigveda, our vision is to "Make the World Healthy."

Fourfold Pillars of Action

Our work is structured around four fundamental pillars:

Seva (Service) | Samshodhan (Research) | Prachar (Promotion) | Shikshan (Education)

A Unifying Platform for All Stakeholders in Ayurveda

We strive to bring together:

- Students
 - Practitioners
 - Teachers
 - Ayurvedic medicine manufacturers
 - Policy makers and government officials
 - Like-minded organizations
 - Farmers cultivating medicinal plants
 - Industrialists and entrepreneurs
- All united with a common goal:
the development and global propagation of Ayurved -
The Science of Life

Pan-India Presence

Actively working across 10+ states in India and continuing to grow.
